## About Our Little Haven

Fix it early---fix it forever. This is Our Little Haven's premise, as we serve the youngest victims of abuse and neglect in our community. Our Little Haven's early intervention approach to care for children makes all the difference in their little lives.

Each child's problems are different, but there is one common link: early childhood trauma causes broken hearts. **Early care** can turn tears to smiles, and give them back their childhood.

It's very simple really. Early care provided early in a child's life just makes sense. If we apply needed resources early, it prevents problems from multiplying, and children will get off to a great start. Our Little Haven care treats the whole child---mind, body and spirit, and makes a positive difference that lasts a lifetime. That's what it's all about.

Our Little Haven is an independent, non-profit agency providing care for children since 1993. To learn more, please visit our website at [www.our-littlehaven.org](http://www.our-littlehaven.org).
