MY LITTLE SCHOLAR

Scholarship Fund

Our Little Academy at **Our Little Haven** is now seeking scholarship sponsors for young scholars who want to get back on the *School Success Track*.

Beginning in September 2005, **Our Little Academy Therapeutic Preschool** has joined a suite of highly successful Our Little Haven programs structured to give children the best possible chance in life-----even following a difficult start. Our Little Academy is for children with significant behavioral or emotional needs.

Our Little Academy is a highly-structured research-based day treatment program to prepare children for success in a more traditional educational setting. Each and every child deserves a chance. Our Little Academy is unique to the St. Louis community, based on the concept of early intervention: *“Fix It Early, Fix It Forever”*. Our Little Haven knows that a band-aid solution---applied too late--- isn’t effective at giving children the chance of a lifetime. Early success means longterm, lifelong success.

Support received through the **My Little Scholar Fund** allows Our Little Haven to build a community of young scholars ready for early school success, and eager to make their positive mark on our world.

Through scholarship support allowing a child to attend **Our Little Academy at Our Little Haven**, you demonstrate your commitment to children, and the development of a St. Louis community where children are cherished.
