

Our Little Haven **Holiday Letter**

Caring for Children and Families. Mind. Body. Soul.

Dear Friends + Family,

Happy 25th Anniversary! As we celebrate Christmas and the Holiday season, we take time to reflect on our anniversary milestone... look at what we've all done together! You were with us as we worked to open our doors in early 1993. You were by our side as we toiled through the tough decisions. Together, we celebrated accomplishments and the joy of children helped through the years.

We remember in early 2000, you helped us open the Taylor Family Care Center; where each day our dedicated Foster Case Managers ensure children are safe, happy, and healthy. Our team makes sure that children are cared for in a permanent and loving family home.

Fr. Weiss '93

You shared in our effort as we opened Keystone Mental Health Services in 2003. Keystone offers mental and behavioral health care for many children and families. With love and compassion, we address serious issues and ensure that children grow and thrive as healthy members of our community.

You gave us the courage to develop Our Little Academy in 2005.

Our Little Academy is our one-of-a-kind therapeutic preschool program. Through nurture and support, children receive the care needed to successfully transition to a traditional school setting. Thanks to you, these children continue their education with family and friends.

Because of you, Our Little Haven is honored to have served **18,849** children and families over the past twenty-five years!

The compassion, care, and support you help Our Little Haven to provide is valued in our community. Together we are mending hearts for children struggling through difficult circumstances.

Please help Our Little Haven continue the mission by sharing your support today and investing in the next 18,849 children.

Merry Christmas and Happy Holidays,

Bob Kathleen
