Our mission is to improve the mental health and well-being of clients, many who have limited access to mental health care, by decreasing symptoms, increasing functioning, and through early intervention.

Our Little Academy Day Treatment provides exceptional mental health treatment for young children with social, emotional, and behavioral challenges. We work closely with caregivers and an expert team of professionals who specialize in early intervention services. Together we help children reach their full potential and have some fun along the way.

Taylor Family Foster Care is family-centered and culturally competent. Care coordination is provided by dedicated case management professionals and a registered nurse for medical case management. These professionals are dedicated first and foremost to the safety and well-being of the children and families they serve.
