

Taylor Family Foster Care Case Management

Foster Care Case Management offers a broad range of services and support to help children and families.

Foster Case Management Services

- Ensure safety and stability for children in contact with the foster care system
- Serve children ages birth through 21
- Connect children to medical, mental health, and educational services
- Link families to community resources to assist in reunifying the family
- Provide family finding efforts so children can remain connected to their family
- Coordinate services for older youth to support a plan of independence
- Strive to connect children to lifelong, permanent homes

Medical Case Management

This program is unique to the St. Louis region. All children served by Taylor Family Foster Care Center receive medical case management services.

- Request & review medical records, & summarize/interpret for the social work team
- Schedule home visits with clients to assess health status & potential medical, developmental, dental or mental health needs
- Create a care plan for clients while in care & keep the Case Manager informed about the needs of the client
- Provide education for foster parents and biological parents as needed regarding medical, developmental, and mental health needs of clients
- Collaborate with community referral partners and resources to ensure continuity of care for the child
- Attends medical specialist appointments as needed

Saint Louis Partners

Through a contract with the Missouri Department of Social Services, Children's Division, Our Little Haven partners with three other social service agencies to make up the consortium known as Saint Louis Partners. This group has come together to promote the welfare of the children and families through case management, foster care, and adoption. Together, Saint Louis Partners has the power to help more children and families in the community.

Becoming a Foster Parent:

Our Little Haven works together with Saint Louis Partners to recruit, train, and license foster homes for children in foster care. Foster families are always needed for sibling groups, older children, children of minority heritage, and children with special needs.

We welcome families considering foster care to reach out to our team by taking the first step to call us at 314-938-5690 or go to our website at saintlouispartners.org.

Taylor Family Foster Care

Case Management
at Our Little Haven

Taylor Family Foster Care is family-centered and culturally competent. Care coordination is provided by dedicated case management professionals and a registered nurse for medical case management. These professionals are dedicated first and foremost to the safety and well-being of the children and families they serve.

Our Little Haven is relentlessly committed to providing early intervention services for children and families. Our community of professional caregivers creates a safe, secure, and healing environment for those impacted by abuse, neglect, and mental or behavioral health needs. We make the hurting stop, the healing begin, and the love last, one family at a time.

Keystone offers a broad range of mental health care. Licensed psychologists and clinical social workers provide mental/behavioral health care for infants, children, adults, and families. Our mission is to improve the mental health and well-being of clients, many who have limited access to mental health care, by decreasing symptoms, increasing functioning, and through early intervention.

Our Little Academy Day Treatment provides exceptional mental health treatment for young children with social, emotional, and behavioral challenges. We work closely with caregivers and an expert team of professionals who specialize in early intervention services. Together we help children reach their full potential and have some fun along the way.

Taylor Family Foster Care is family-centered and culturally competent. Care coordination is provided by dedicated case management professionals and a registered nurse for medical case management. These professionals are dedicated first and foremost to the safety and well-being of the children and families they serve.
